

HOW MANY HOURS DO I NEED?

With our help, most couples are able to get everything covered in 6 hours. The 7 and 8 hour packages give us more cushion and the more time we have, the more creative we are able to be. Our 10 hour package works well for specific types of celebrations, like multicultural celebrations and those with numerous venues. Take a look at the following table to get an idea of what is covered for the various durations. Keep in mind, you will receive 2 lead photographers, so that each circumstance is covered by a true professional.
